MISSIONS CUT DOWN.

Revenge Causes a Woeful Slaughter in China.

AN UNRESTRAINED MOB'S WORK.

Golden Dragon Rebels and Brethren of the Great Sword Capture Several Villages—At Least Two Native Christians Were Murdered in Cold Blood and Fears For the Worst Are Entertained.

NEW YORK, Aug. 5.—The Herald publishes the following special correspondence from Shanghai: Brief particulars have just reached here of a widespread and very threatening rebellion in the northern part of this province, adjoining the borders of Shan-Tung. The district is generally known as Kiangpoo, which is always noted for the turbulence and lawlessness of its inhabitants.

For some time past the members of two secret societies, named Kin-Lung-Tsao (Golden Dragon Rebels) and Ta-Tao-Hwei (Brethren of the Great Sword), have been very uneasy, and about a fortnight ago they broke out into open revolt, surprised the slender, inadequate forces of the local mandarins, captured several villages, and then directed all their energies to exterminating the few scattered communities in the neighborhood.

Three communities, surrounding the Jesuit missions at Sin-Tcheou, Tang-Shaw-Tsien and Su-Tsien, were attacked with savage ruthlessness, the houses of the wretched people burned down, their household furniture and farm implements being promptly destroyed or carried off by the rebels, the miserable people beaten and treated with the usual brutality of a Chinese mob unrestrained by fear of the authorities, and two at least of the native Christians were foully

Murdered in Cold Blood.

The mission houses were attacked and destroyed, and the two French priests in the district barely escaped with their lives. These two gentlemen—Rev. Fathers Thomas from Tongshan and LeBiboul from Su-Tsien—arrived here yesterday to report fully the dangerous and alarming state of affairs at the headquarters of the mission, as there was nothing left for them to do at the scene of their labors in Kiangpoo, all their flock having been scattered and driven away by the rebels.

Before they left they had heard that a German father, one of Bishop Anzer's mission, had been killed in Shan-Tung, and what they could learn on their journey down only went to confirm this grave news. Telegrams have since been received by Bishop Garner from the disturbed region, via Shan-Tung. It is impossible, owing to the disturbed state of the northern part of Kiangpoo, to telegraph direct, showing that affairs have assumed more alarming dimensions since the

Two Fathers Left.

The Kin-Lung-Tsao and the Ta-Tao-Hwei are exceedingly incensed against Bishop Anzer's mission by reason of his having lately complained to Peking of their treatment of his converts, and it is believed they murdered the members of his mission out of revenge. When the two fathers left their premises, which are strongly built and defended with four watch towers, one at each corner, to resist the approach of bandits who habitually roam over the country, they were in the hands of mandarin soldiers, who were well armed and apparently prepared to defend the building against the rebels.

But a telegram dated 22d ult., and sent by courier to Chinafu in Shan-tung, whence it was dispatched to Shanghai, has just been received stating that the troops had been obliged to abandon the mission. From this it is inferred that the rebels were too strong for the local authorities and drove them away from the mission, as they had previously succeeded in doing in many other places. The authorities were, in fact, taken everywhere by surprise by the suddenness of the outbreak, and as usual, were all in a state of unpreparedness and terror when the rebels rose against them.

FOUR CORPSES RECOVERED.

Of Forty Miners Entombed Yesterday in Wales 25 May Have Perished.

SWANSEA, Wales, Aug. 5.—A dispatch from Neath, seven miles from here, announces that 40 miners were entombed in the Bryncoch pit, near that place, by an explosion which occurred yesterday afternoon.

It is feared that 25 miners have been killed in the explosion in the Bryncoch pit, near Neath. Four corpses have already been recovered.

Murderer Burt Not on Board.

NEW YORK, Aug. 5.—Detectives from the central office boarded the Mallory line steamer Nueces, from Galveston, yesterday below quarantine, hoping to find W. Eugene Burt of Austin aboard, but was disappointed. Burt is wanted in Austin for the murder of his wife and two children and the officials there had telegraphed that he was probably aboard the ship.

Was With "Chinese" Gordon.

LOWELL, Mass., Aug. 5.—Joseph Ludlam, agent of the Merrimack Manufacturing company, Lowell's largest manufacturing plant, died yesterday, aged 58 years. Mr. Ludlam had been engaged in business enterprises in New York, California, Michigan and in foreign countries. He had a command in the far east under "Chinese" Gordon.

CROSSED THE SPITZBERGEN.

Vast Ice Plateau Found by Sir Martin Conway's Expedition.

TROMSØE, Norway, Aug. 5.—The Arctic expedition headed by Sir Martin Conway and his nephew has accomplished the first crossing of Spitzbergen from east to west. In the central portion of the island was found a vast ice plateau.

Sir Martin Conway's expedition reached Advent bay, Spitzbergen, from England via Tromsøe on the steamship Raftsund on June 20. The members of the expedition were Sir Martin Conway and his nephew, Mr. Trevor Dattye, Dr. J. W. Gregory, Mr. E. J. Garwood and Mr. Studley, a sportsman. They possessed two Norwegian ponies and three sledges of the pattern adopted by Nansen. The explorers proposed to split up into two parties. Sir Martin Conway, Garwood and another intended to go into the interior while the three remaining members were to stay on the coast to geologize and collect birds and eggs. Sir Martin Conway had made arrangements to be taken off with his companions about Sept. 5, and it will thus be seen that the expedition has returned sooner than expected.

FOREST FIRES

Wipe Out the Village of Gladis—Residents Flee For Life.

SAULT STE. MARIE, Mich., Aug. 5.—Much damage is being done by forest fires in this vicinity. Monday evening Gladis, a station eight miles from here on the South Shore road, was wiped out and its residents had to flee for their lives. Brinley was also threatened with destruction and may have been wiped out by this time. Scores of farmers have lost their hogs and fowls have barely escaped with their lives. The regular South Shore passenger train out was compelled to return, owing to the intense heat and smoke. Several of the passengers fainted before the train got out of the fire belt. No rain has fallen for weeks and everything on the ground is dry as tinder. Unless it rains soon there will be a vast amount of timber destroyed and other damage done.

Against Practitioner Application.

FORT WAYNE, Aug. 5.—A few weeks ago the wholesale and retail merchants of the city secured the passage of an ordinance requiring every peddler to take out a license costing \$60 per year. The municipal authorities yesterday decided that the ordinance included the local jobbers, and that any of them who propose to sell goods by agent in the city will have to take out such license. The police have been given orders to arrest any agent of the jobbers doing business without a license. The wholesale merchants are furious, and say they will test the matter in the courts.

A New Fish Hatchery.

LONDON, O., Aug. 4.—Senator George Falloon of Athens, president of the state fish and game commission, and D. H. Reutinger of Chillicothe, the new game warden, are here, making arrangements for the work on the hatchery to be established here. Eleven acres have been purchased for this purpose. The bass and perch breeding ponds at Waverly and Chagrin Falls are to be abandoned, and also the pheasant hatchery at Van Wert, and hereafter all the hatching and breeding will be done at London.

A La Frontier.

GREENSBURG, Ind., Aug. 3.—Several valuable horses are reported stolen in Ripley county Monday night, the trail being followed to this city. The officers say there is a gang of horse thieves in hiding near here. Within the past three months over two dozen horses have been stolen and the officers and citizens are determined to locate the gang. So great is the feeling that a lynching will no doubt occur if the guilty parties are apprehended.

Now They Will Listen.

CHICAGO, Aug. 5.—Judge Horton, sitting in the criminal court, created a good deal of comment among lawyers and others yesterday by accepting two women as jurors. Their names had been taken from the poll lists by the jury clerks. Both of the women said they were willing to serve and were told to appear for service. This is the first instance of the kind in the history of this country.

War Surgeon Dead.

MAYSVILLE, Ky., Aug. 5.—Dr. Simon Morgan Cartmell, 78, died yesterday. He was regimental surgeon of the Sixteenth Kentucky regiment. He was also surgeon of Sherman's corps and was with that general on his march to the sea. He leaves a wife and seven children.

Chattanooga Suicides.

CHATTANOOGA, Aug. 5.—Horace G. Young, ex-back tax collector of this city and one of Chattanooga's most prominent and best known residents, committed suicide at Lookout Inn by shooting himself through the heart.

Mines Flooded.

ST. LOUIS, Aug. 5.—A special from Pachuca, Mex., says that all of the principal mines in that district have been compelled to close down, owing to water. Nearly 4,000 miners have been thrown out of employment.

Free Roads Will Carry.

RICHMOND, Ky., Aug. 5.—County Judge Burnham has ordered an election to be held in Madison county to take a vote on the question of free turnpikes. It will be held Nov. 3. Free roads will carry.

WILL ATTACK TROCHA

Answering Signals Seen in Insurgent Camps.

LA CRETE WILL SECOND BANDERA

General Weyler Issues a Decree Offering Large Rewards to Filibustering Vessels' Captains Who Will Turn Over Members of Their Expeditions—Gomez in Puerto Principe—Insurgents Shot.

HAVANA, Aug. 5.—There are indications that an attack is imminent upon the trocha. Bandera is encamped near Mangas in Pinar del Rio and La Crete is maintaining a watch upon the trocha near Canas, prepared to second Bandera's attack. From Artemisa answering signals of the red lights are seen at nights in the insurgent camps.

Pedro O'Farrill and Augulencio Sanchez will be executed at Matanzas today.

The insurgents have burned the tobacco plantation San Vaciento, La Ganillas, Matanzas.

A decree published by Captain General Weyler announces that the crews of filibustering vessels as well as their captains, will be considered as exempt from responsibility, enjoying immunity from punishment, if they deliver up the members of such expeditions or cause them to be seized by Spanish cruisers, in which case they will secure the rewards \$24,000 for steamers and \$9,000 for sailing vessels of over 250 tons.

The have surprised a number of conspirators with arms in a house situated in the Vivora suburb of this city. Three of the men were killed while resisting arrest and four others escaped.

Captain Ballester, in the Holgin district of the province of Santiago de Cuba, ambushed a number of insurgents and killed 12 of them.

Maximo Gomez is reported to have arrived in Puerto Principe and to be contemplating marching soon, with insurgent reinforcements, into the province of Santa Clara.

Spain Growing Weary.

VALENCIA, Aug. 5.—There has been considerable excitement here recently, occasioned by popular demonstrations against the action of the government in sending additional reinforcements of troops to Cuba. A number of people have been arrested for attempting by force to prevent the soldiers from embarking on board the Spanish transports.

FREIGHT WRECK KILLS TWO.

Engineer Smock's Body Burned in Full View of the Workmen.

SHAMOKIN, Pa., Aug. 5.—Two men were killed and another fatally injured in a freight wreck on the Philadelphia and Reading railway, six miles from Shamokin yesterday. The wreckage took fire from the dismantled locomotive and the knowledge that on the siding where the accident occurred was a carload of gunpowder prevented any attempt at rescue until the explosion had occurred. It was thus that the body of Engineer Michael Smock was burned within full view of the workmen. It was pinned beneath the engine and a furnace burning debris. The victims are:

Michael Smock, engineer, of Tamaqua.

Alexander Smith, conductor, of Tamaqua.

Jacob Dresbach, fireman, Tamaqua, badly scalded; will die.

The wrecked train was running about 40 miles an hour when it ran into a freight car door that had fallen across the track from a passing train. The engine jumped the track and seven cars were packed in a space of 50 feet.

THE MATCH FAILURE.

Its Probable Effect—Sister of President Barber Dead.

AKRON, O., Aug. 5.—Members of the Diamond Match company in this city say the failure of the Moore Brothers of Chicago will not affect the concern in any way except to reduce the present market quotations of the Diamond match stock. It was principally through the efforts of the Moores that Diamond match stock reached the recent high figures. Their large holdings will doubtless be sold at a sacrifice.

Miss Kate Barber, aged 40, a sister of O. C. Barber, president of the Diamond Match company, died at her home here yesterday. For a number of years her mind had been unbalanced, and she had recently been brought here from the Newburg hospital at Cleveland.

Crushed to Death.

WASHINGTON, Ind., Aug. 5.—Thomas S. McKinley of Terre Haute, roadmaster of the Evansville and Indianapolis railroad was killed a few miles south of this city. A water way was being put in under the track and a cave-in caught and crushed McKinley. He was one of the 25 33d degree Masons in Indiana.

Wool Firm Assigns.

BOSTON, Aug. 5.—The wool commission firm of W. D. Eaton & Company of 6 Leather square has assigned to J. W. Spaulding. The liabilities are about \$250,000, of which sum \$200,000 is unsecured. The assets can not now be estimated. The failure is due to the poor condition of the wool trade.

Treasury Statement.

WASHINGTON, Aug. 5.—The gold reserve at the close of business yesterday stood at \$110,090,450. The gold withdrawn was \$208,700, of which \$181,300 was coin.

RECLAIMING MARSH LAND.

Project Revived To Straighten the Kankakee River.

LAPORTE, Ind., Aug. 5.—A gigantic enterprise is on foot, the aim of which is to reclaim a vast area of swamp land in northern Indiana. The project on foot involves the straightening of the Kankakee river from a point in Indiana to the Illinois line, a distance of 60 miles in a straight line, but following the tortuous windings of the river the distance is nearly 150 miles. To complete this work an immense drainage district, embracing St. Joseph, Laporte, Lake, Porter, Newton and Jasper counties, in Indiana, is being formed, the preliminary organization in several counties having already been completed.

The Kankakee river rises in the marsh lands southeast of South Bend, and until it reaches almost to Moline, flows through a low, marshy valley from 10 to 20 miles wide. The soil is sandy or alluvial, and the river banks are so low that in the spring of the year the river often covers almost the entire valley. Nearing Moline the character of the country changes to a rolling prairie over a limestone formation. The latter runs under the river bed and forms the noted rock ledge which is supposed to dam the water back on Indiana farmers and render some 400,000 acres of their land but little better than a lake six months in the year.

The proposed new channel will be a dredge ditch 50 feet wide and nine feet deep, running in a straight line, sometimes following the present river bed for some distance, and at other points leaving it. In some places a half mile cut will shorten the river channel as much as six miles. The character of the soil renders the work comparatively easy. Rough estimate of the cost makes it about \$1 an acre on the land wholly or partly submerged in the high water. The land to be improved is mostly in large holdings.

The Kankakee land owners in St. Joseph, Laporte and Starke counties have perfected an organization and will undertake to reclaim 50,000 acres along the river in three counties. The work will then be taken up by the organization in other counties until the Illinois line is reached. It is estimated that several hundred thousand acres will be reclaimed, and the Kankakee region made to blossom as the garden spot of northern Indiana.

BOOMERS' SETBACK.

A Severe Storm Plays Havoc With Homesteaders at Mena, Ark.

MENA, Aug. 5.—Two thousand campers, who came here to witness the advent into Mena of the Kansas City, Pittsburg and Gulf railway, and to take up homesteads, were given a setback Monday night, their tents and outfits having been wrecked and scattered by a severe rainstorm which prevailed for several hours. The storm was accompanied by tremendous electric display and wires were crippled, shutting off communication.

Many men have brought large families with them to take up claims in the new town and yesterday men, women and children spent the time hunting for their belongings which had been blown in every direction. A half completed building collapsed during the storm and two men barely escaped with their lives. Despite the setback the boomers made considerable progress and homesteading is going on at a rapid rate.

Schooners are arriving hourly from every direction. The storm has effectively broken a two-months' drought, the first that has prevailed in this section since 1872.

CHANG VISITS PARLIAMENT.

Wore His Yellow Jacket, Peacock Feather and Claret Colored Skirt.

LONDON, Aug. 5.—Li Hung Chang, the Chinese envoy, dressed in a yellow robe and accompanied by a number of attendants, was present in the house of commons yesterday. He was escorted to a seat beneath the gallery and listened to the debate on the Scotch agricultural rates bill. The parliamentary secretary for the foreign office, Mr. George N. Curzon, explained the leading features of the house to the distinguished traveler who appeared to be much interested. Later Li Hung Chang engaged in an animated conversation with the secretary of state for the colonies, Mr. Joseph Chamberlain.

In the afternoon Li Hung Chang had an audience lasting three-quarters of an hour with the Marquis of Salisbury at the foreign office. The Chinese statesman was borne into the audience room on a chair, in order to avoid the fatigue of mounting the stairs. He wore a yellow jacket, the feather and a claret colored skirt.

Double Domestic Tragedy.

NEW YORK, Aug. 5.—Frank Lomeo, an Italian blacksmith, quarreled with his wife yesterday and shot her twice, one shot taking effect in the right side of her face and the other in the back of her head. Lomeo then shot himself in the right side, dying almost instantly. Mrs. Lomeo's condition is precarious.

Arrested After Five Years.

BLUEFIELD, W. Va., Aug. 5.—Ed Smith was arrested at Pocahontas charged with robbing John Perdue of that place five years ago. A few remarks he made yesterday coupled with his conduct are said to have caused the arrest. Perdue was robbed of \$1,000.

SYMPATHY STRIKE NOT ORDERED

Incendiarism Repeated at Berea Brings Strong Talk of Lynching the Culprits If Found—A Fish Hatchery at London. Counterfeiters Caught—No Profit in Wool Growing—Other Ohio News.

CLEVELAND, Aug. 5.—A ready-for-an-emergency feeling permeated the air in the vicinity of the Brown hoist works yesterday. There was peace, but it was an armed peace, and both sides of the trouble knew that a small spark would change peace to war. At 7 o'clock, the time for the commencement of work at the Brown works, 150 men had entered the various shops. They were all non-unionists and the union men claimed that not one of their number had deserted the cause.

On every street within a radius of nearly a mile of the plant both soldiers and locked-out men patrolled the sidewalks. Many of the soldiers were doubly armed, wearing belts and revolvers as well as carrying guns. A number of the locked-out men also carried guns.

It was given out by the physicians at the St. Clair hospital that Prinz, the man who was shot near the Brown works Saturday, was still in a critical condition and that his chances of recovery were about one in a thousand.

Ever since the shooting of Prinz there have been ominous mutterings by the men as to what they will do should Prinz die. A second committee of locked-out men has been at work for several days investigating the shooting and trying to fix the blame for it.

The committee reported that to the best of its knowledge a man named Harris, his first name being unknown, living on the West Side, fired the shot which pierced Prinz's body. He has not been in the city since, and attempts to find him have been unavailing. It is the purpose of the men, if they can prove the shooting against Harris, to have a warrant issued for his arrest on the charge of shooting with intent to kill, to be changed to a more serious charge in case Prinz dies.

It is not likely that sympathetic strike will be ordered. Eight of the leaders of the central labor organization, all representing different trades, were interviewed yesterday afternoon and all but two of them expressed themselves as opposed to such a strike, declaring that it would be unwise and could not benefit the Brown strikers. The question will probably be settled at the meeting tonight.

TALK OF LYNCHING

The Incendiary Culprits Who Operated at Berea Recently.

BEREA, O., Aug. 5.—This place is in a turmoil. At 3 a. m. Tuesday a cry of fire was raised. The residence of Richard Dodd on Prospect street was on fire, and it was burned to the ground, nothing being saved. A wire screen was torn from the window, oil poured on an unoccupied bed near it, and lighted. Dodd's son heard the noise, smelled the smoke, and aroused his father barely in time to get out of the house. Two children were overcome with smoke. The family consists of seven children.

The residence of James Woodcock, a neighbor, was also saturated with oil, but was not lighted. Dodd is a contractor at the quarries, also Woodcock, and both employ nonunion men. They were asked to employ union men, but were unable to do so, they said, as they had no work for them.

There is talk of lynching if the culprits who are using dynamite and the torch are apprehended.

Counterfeiter Caught.

JACKSON, O., Aug. 5.—Detective William Black of Cincinnati arrested George Johnson at Coaltown on a charge of counterfeiting. When Johnson's cabin was searched Black found a canful of coin in the bottom of a powder can under some ashes. Johnson served a sentence of 15 years in the penitentiary for killing Dan McCloud at Wells-ton a number of years ago. While confined in the penitentiary he manufactured 20 pounds of the spurious coins. He is a nephew of "Greasy" Johnson, a famous counterfeiter of Virginia.

Slain in a Fight Over a Girl.

FINDLAY, O., Aug. 5.—During a quarrel over a girl last evening Amos Decker shot and killed George Miles. The murderer fled from town and was soon followed by a mob of citizens armed with shotguns, revolvers and ropes. The entire police force, augmented by a number of deputies, also went in pursuit of the murderer, he having a short start of the mob. Decker is a young man of bad reputation.

Out of the Wool Business.

WEST UNION, O., Aug. 5.—The assessors' returns for several years past and especially this year, show that Adams county farmers are getting out of the wool growing business as rapidly as possible. They say that wool at \$11 and 12 cents a pound don't pay. Several townships that four years ago returned more than 5,000 sheep each, this year return less than 500 each.

COLUMBUS, O., Aug. 5.—A draughtsman of the Cincinnati, Hamilton and Dayton railroad called at the canal commissioner's office, and made copies of the surveys of the Hamilton basin supposedly to be used in litigation with the Pennsylvania Railroad company.

Of the 731 delegates attending the National silver convention which indorsed Bryan and Sewall, 9 were Prohibitionists, 49 Populists, 146 Democrats and 526 Republicans. In the delegation were four veterans of the Mexican war, 49 ex-Confederates and 196 Union army men. The "Anarchists" and "Revolutionists" seem to be in all parties, and in every section of the country North, South, East and West, very pertinently remarks the Iron-ton Irononian.

The so-called "sound money" Democrats who seem so anxious to defeat Mr. Bryan are pursuing a rather singular course to accomplish their purpose. They talk of putting out a ticket of their own, when they ought to know such a ticket will draw thousands of votes that would otherwise be cast against Mr. Bryan. If Mr. Bryan is an anarchist, as some of them delight in calling him, then they are unquestionably organizing an anarchist aid society, as a "sound money" ticket will aid in electing Bryan. But they are so crazy they hardly know what they're doing.

The following joint resolution was adopted by the Ohio Legislature April 27, 1877. The Legislature was Republican and the resolution contains the signatures of C. H. Grosvenor, Speaker of the House, and H. W. Cutress, President of the Senate, and is entitled:

A joint resolution relative to the restoration of the silver dollar to its former rank as lawful money.

Resolved by the General Assembly of the State of Ohio, That common honesty to the taxpayer, the letter and spirit of the contract under which the great body of its indebtedness was assumed by the United States, and true financial wisdom, each and all, demand the restoration of the silver dollar to its former rank as lawful money.

Will the editor of the Public Ledger please tell us whether this Republican Legislature was a body of Anarchists and Populists?

SAUCE FOR THE GOOSE IS SAUCE FOR THE GANDER.

In 1892 the Atlanta Constitution, edited by Clark Howell, fiercely opposed the nomination of Cleveland upon the ground that he favored a single gold standard, but after Mr. Cleveland was nominated, Mr. Howell wrote him a letter in which he pledged his personal support and the support of his paper, saying "We accept the arbitrament of the national convention." In response to that letter, Mr. Cleveland wrote as follows:

GRAY GABLES, BUZZARD'S BAY, MASS. {
July 16, 1892.

Clark Howell, Esq.,—My Dear Sir: The receipt of your recent letter has gratified me exceedingly. It has a tone of true Democracy about it, and is pervaded with the sort of Democratic frankness which is very pleasing. I think the underlying principle of party organization is what you so admirably express as an acceptance of the arbitrament of the national convention. On the other hand it is as fully the duty of one opposed to shut his mind and heart to any feeling of irritation or resentment that might be allowed to grow out of opposition based upon honest judgment and a conscientious desire for party success. I am not surprised, though I am gratified by the announcement that from this time to the close of the campaign your own service and the invaluable influence of the Constitution will be devoted to the fight for Democratic success. It honestly seems to me that Democrats who are not at this time loyal to the cause are recreant to their country.

"Hoping that we may congratulate each other on a glorious result in November, I am yours sincerely,
GROVER CLEVELAND."

Mr. Cleveland and many other "sound

money" Democrats, some of them here in Maysville, seem to have forgotten "the underlying principle of party organization." They refuse to accept "the arbitrament of the national convention," and set themselves up as greater than their party. That's their privilege, of course, but we commend Mr. Cleveland's letter to them. If they can get any consolation out of it, they are welcome to it.

Some Answers.

In reply to "some questions" in your issue of July 30th, the first two questions are:

Prior to 1873 was not the relative value of gold to silver about 16 to 1?

Had it not been so for at least forty years with slight variations in favor of first one then the other?

The ratio was "about" 16 to 1 for forty years but in 1873 it was not so, as our financial history demonstrates. In 1872 the ratio was fixed on the commercial value of the two metals at 15 to 1. It was soon discovered that the metal in the gold dollar was intrinsically worth about 1 1/2 cents more than the metal in the silver dollar. The result, with even this small difference, was that our gold promptly left the country and we had silver monometallism. On May 1, 1896, President Thomas Jefferson stopped the coinage of silver at our mints. Silver dollars were not again coined here until 1896, and then only \$1,000 were issued from the mints. In 1891, gold having left us, it was determined to restore it and the legal ratio was changed from 15 to 1 to about 16 to 1, and in 1897 the present ratio 37 1/2 grains of fine silver to 23 2/2 grains of fine gold was established.

This ratio caused the metal in the silver dollar to be worth slightly more (less than 1 cent) than the metal in a gold dollar.

The usual result obtained. The cheaper money drove the dearer out of circulation. Silver was withdrawn and we had gold monometallism from that time until 1875, except during the war when the cheaper paper money drove out gold and we had neither gold nor silver. Not only the above experience, but the financial history of every country on earth, without exception, teaches us that the cheaper money drives out the dearer.

Now then, we have to-day about \$620,000,000 in gold, \$113,000,000 in silver dollars and 78,216,677 in subsidiary silver.

Should a free silver coinage law pass, establishing the ratio at 16 to 1, our \$620,000,000 in gold will be at once withdrawn from circulation and this, the greatest contraction ever known in our history, would plunge us into the deepest distress ever experienced in this country. The debtor class would certainly not be benefited by such a financial upheaval. If any one would, it would be those who have idle capital to invest at panic prices.

Clinton, second son of Charles Calvert, was seriously injured last week by a runaway mule team. He is in a fair way to recover.

The wind, rain and hail last Saturday did a great deal of damage throughout Bracken. In the region drained by Camp Creek many crops of tobacco were entirely destroyed by the hail.

Prof. Elmer Bishop left on Saturday morning for Empton, Ky., where he has charge of the training school established by the Kentucky Conference of M. E. Church, South. Miss Gracie Pepper, one of our most popular and accomplished young ladies, accompanied him to take charge of the intermediate department of the same school. She is thoroughly qualified in every way for the position, and her friends have no fears but that she will fill it with great credit to herself and satisfaction to the patrons of the school.

Can't

Eat

This is the complaint of thousands at this season. They have no appetite; food does not relish. They need the toning up of the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. It so promptly and efficiently relieves dyspeptic symptoms and cures nervous headaches, that it seems to have almost "a magic touch."

OUR OHIO NEIGHBORS.

Interesting Items Telling of Happenings in Brown and Adams Counties.

The County Commissioners are in session this week.

The Ripley fair for 1896 will be held August 25th, 26th, 27th and 28th.

Miss Anna Campbell and mother, of Maysville, are visiting relatives at North Liberty.

Frankie McHugh and Jack Moore are booked for a glove contest the middle of August near Ripley.

J. W. Eyrar and wife, of the News-Democrat, Georgetown, are on a visit to relatives at Down, Kansas.

The Democrats of Union Township, Ripley, formed a large Bryan and Sewall Club Thursday evening.

It will cost over \$15,000 to repair the free turnpikes of Brown County since the late freshets.

The M. E. Sabbath school of Ripley had an outing at the Zoological Garden, Cincinnati, Tuesday.

Chas. Smith has been appointed Marshal of Russellville, vice Frank Kendle, who moved to West Union.

Seven saloon keepers in Adams County have paid their June Dow tax—two at Peebles and five at Manchester.

Mrs. Hattie Caden, of Ripley, was one of those who drew a \$5 prize for the solution of the Enquirer prize story.

A camp meeting is being held upon the Bentonville fair grounds, conducted by the great Evangelist Adams.

Commissioners Glaze, Halman and Evans were inspecting the free turnpikes and bridges in Brown County last week.

The Dunkinsville Sunday school celebration will be held next Saturday, August 8th, on the hill above Dunkinsville.

G. L. McKibben, formerly a citizen of Georgetown, is Superintendent to construct the water works at Manchester, Ohio.

The Brown and Adams County Teachers institutes are in session this week, the former at Russellville, the latter at Peebles.

The Brown County Republicans will put a full county ticket in the field Thursday. Hon. Seth Brown is the orator for the occasion.

Three horses belonging to ex-Auditor Thomas, of Adams County, were killed by lightning one night last week on his farm near Bentonville.

A terrible wind and rain storm swept over the southwestern part of Brown County Saturday evening, doing great damage to crops, timber, &c.

Willie Humphrey, aged twelve, son of Steward Humphrey, merchant of Peebles, was struck in the head with a base ball, receiving injuries which may prove fatal.

Robert Campbell and son, butchers, Georgetown, purchased last week from Wm. Livingston, of near Feeseburg, a Jersey calf five weeks old that weighed 225 pounds on foot.

An investigation of the books of the county Auditors and Treasurers of Adams County back to 1890 is being made by a man by the name of J. K. Brown, by authority of the Auditor of State.

John Free and Emma Clark were released from the West Union jail last week. After their discharge they repaired to the Probate Judge's office and secured a marriage license and are now enjoying connubial felicity upon the scenes of their late shiftlessness.

The Winchester fair will be held again this year, under the able management of Dick Thompson, and will come off the latter part of September and the first of October. The management will put forth every effort to make the fair a complete success and will pay the premiums in silver before the stock leaves the ring.

The Democrats of Adams County named a most excellent ticket last Saturday, as follows: Probate Judge, John Mason; Prosecuting Attorney, Wm. Anderson; Commissioner, W. H. Newman; County Surveyor, B. H. Billings; Inferiary Director, Sam B. Conner. All these are excellent men and the Democracy of good old Adams being thoroughly united will elect the whole ticket by a rousing majority.

West Union had a big day last Saturday, fully 2,500 people being present. Brown County was there fully 300 strong and brought back first prize in the bicycle race, Moore, of Hammersville, beat Ed Daulton, the champion wheelman of Adams County, one minute and ten seconds in an eighteen-mile contest. The base ball contest did not get out well owing to an interference by the captain of the West Union club with Umpire Wood, of the visiting club. Three Innings were played when the interference occurred, the score standing 4 to 2 in favor of the visiting club. Mr. Wood left the diamond followed by Kirsckadden and the rest of the club and all efforts to set them back proved futile.

Feed the Nerves

Upon pure, rich blood and upon need not fear nervous prostration. Nerves late weak when they are improperly and insufficiently nourished. Pure blood is their proper food, and pure blood comes by taking Hood's Sarsaparilla, which is thus the greatest and best nerve tonic. It also builds up the whole system.

Hood's Pills are the favorite family cathartic, easy to take, easy to operate.

Remnants, Odd Lots, Short Ends,

From several departments. A sort of wind-up before fall buying begins.

DRESS GOODS.—Nothing wrong with them. The last few yards of a piece are just as good as the first. Going to sell them at a sacrifice, though; they litter the stock. Good picking here for the child's fall school dress. Why not look ahead a bit and by so doing save a dollar? Price of each remnant in plain figures. They are on the counter and you can make an easy selection.

DOMESTIC REMNANTS.—Short lengths of Prints, odd Towels, ends of Table Damask, only a handful of each, but we want the room more than the goods.

Last call on Shirt Waists, and a loud call it is. Mostly broken lots, but none the worse for that. If your size, style or kind is among them you're in luck, for prices are cut exactly in half. See window display.

Good bye to Wash Goods. All the left-overs are going to be turned into money at short notice. It is not a question of worth but a quick selling price. It will pay you to investigate.

ENDS OF SILKS.—Good Waist lengths among them, all at one-half the regular price. Not often \$1 does the work of \$2, but we need the room.

S. G. HORD.

One of the County's Well Known Citizens Dies at His Home, Near Wedonia.

Mr. S. G. Hord, one of Mason County's well known and respected citizens, died last night at 9 o'clock at his home near Wedonia. He had been a sufferer for some time from heart trouble.

Deceased was sixty-four years of age and belonged to one of the county's oldest and most highly esteemed families. His father was the late Abner Hord, who was President of the old Maysville and Lexington railroad at one time. He leaves several children. Two brothers survive him,—Abner Hord, Esq., of this city, and Mr. Addison P. Hord, of Fleming County.

The remains will be interred Thursday at 3 p. m. in Dobyns' burying-ground at Wedonia.

A Household Treasure.

D. W. Fuller, of Camptoblarie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Dr. Cartmell's Funeral.

The funeral of the late Dr. S. M. Cartmell will occur to-morrow (Thursday) at 10 a. m., at the family residence on East Front street, services by Rev. Dr. Hays, of the First Presbyterian Church. Interment in the Maysville cemetery.

The doctor may be a good old man, but even so, medical examinations and the "local-applications" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctors in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

SEASHORE EXCURSION
Over picturesque Chesapeake and Ohio to Old Point Comfort. The annual excursion to the sea shore is announced for Wednesday, August 5th; \$12.50 for the round-trip. Tickets will be good only on train No. 4, leaving Cincinnati 9:40 p. m. Stopovers will be granted at Richmond, Clifton Forge, Covington, Va., (Hot Springs), and White Sulphur Springs on the return trip. Tickets will be good to return until August 15th. This is the greatest excursion of the year—take a dip in the sea and enjoy the fishing and sailing it offers.

PURIFY your blood with Hood's Sarsaparilla, which will give you an appetite, tone your stomach and strengthen your nerves.

IN MEMORY

Of little Johnnie, infant son of Bertha Haver:

Dearest Johnnie, thou art gone,
Now thy gentle spirit's free—
Thy short journey here is run;
Thou art sleeping with the dead.

Why so soon didst thou depart
To thy long and silent rest?
The gentle shepherd took the lamb,
And clasped it to his loving breast.

While his mother's heart is bleeding
For her little Johnnie, dead,
Jesus stands with us and healing,
And a balm to cheer the heart.

Ah! me thinks, I hear him whisper,
"Listen to me, mamma dear,
I am with the blessed saviour,
All is bright and happy here."

Weep not, dearest mother,
Wipe away that falling tear;
Jesus wept with weeping Mary,
He feels for thee, thou need'st not fear.

He'll bind up the broken-hearted,
With the soothing balm of love,
Then thou shalt see thy little Johnnie,
In that happy home above. —A FRIEND.

LOUISVILLE TOBACCO MARKET.

Very Little Desirable Leaf Offered Last Week—No Change in Values to Report.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 3,644 bbls., with receipts for the same period 2,151 bbls. Sales on our market since January 1st amount to 108,673 bbls. Sales of the crop of 1895 on our market to this date amount to 103,671 bbls.

The offerings last week embraced very little desirable burley leaf. There is no change to report in values and the market continues dull and unsatisfactory. About the usual proportion of dark tobacco appeared on the market during the week and prices remained unchanged.

The following quotations fairly represent our market for burley tobacco (1895) crop:
Trash (dark or damaged).....\$ 1.00 @ 1.50
Common colory trash.....2.00 @ 3.50
Medium to good colory trash.....3.50 @ 5.00
Common lugs, not colory.....2.00 @ 3.00
Common colory lugs.....4.00 @ 6.00
Medium to good colory lugs.....5.00 @ 8.00
Common to medium leaf.....5.00 @ 7.00
Medium to good leaf.....7.00 @ 12.00
Good to fine leaf.....12.00 @ 15.00
Select wrapper leaf.....15.00 @ 18.00
The above quotations are not applicable to green and frosted crops.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

LARGE GAINS

Shown by the Democrats in the Alabama Elections.

BIRMINGHAM, Ala., Aug. 5.—Further returns received up to tonight from Monday's election in this state confirm the first reports of a complete Democratic victory with surprisingly large gains. The count in the big counties has been slow, especially in the cities, but official and estimated returns, the latter based on reports received from a majority of the boxes in the counties reporting show that Johnston and the Democrats have certainly carried 45 out of 66 counties. Goodwyn, Populist, has 15 counties. Six of these have not been heard from or are too close to be figured upon. Of the last named, Johnston probably has four and Goodwyn two.

It is believed that the complete returns will show a majority of not less than 45,000 for Johnston and possibly 50,000. As compared to the election in '94 the Democrats have carried certain 15 counties that gave Populist majority two years ago. The Democratic majority in them ranges from 100 to 1,000 each and in many places Populist majorities are reversed.

As to the legislature, the Democrats have gained, it is figured, 14 members of the house, giving them 78 out of 100. They have elected 11 out of 17 senators, which, with 13 hold-out members, gives them 24 out of 33 members of that body, or about three-fourths of the entire legislature.

ELECTION FIGHT.

Two Men Shot and Three Seriously Cut at Florence, Ala.

FLORENCE, Aug. 5.—Two men shot and three seriously cut as a result of a free-for-all election fight at Cloverdale, this county. Forty or 50 men participated in the fight which lasted nearly an hour. Pistols and knives were much in evidence. The seriously cut are:

Lee Young, shot in abdomen; John May, constable, badly cut; John Young, shot in the hand; Will May, cut about face and throat and dangerously wounded; Bob Broadfoot, badly cut. John May and Broadfoot, it appears, were endeavoring to restore peace. The fight was started, it is said, by a young man who, "looking for a fuss," found it. A number were slightly injured, their names not being learned. The fight occurred at the voting place.

Crops Good in Missouri.

ST. JOSEPH, Mo., Aug. 5.—A party of 50 business men from Illinois, Michigan and Indiana passed through here on a tour of inspection of the crops of this state. They report what is known as the corn belt, in northern Missouri, to be in a remarkably prosperous condition. Corn and fruits of all kinds are in excellent shape, and the farmers are thoroughly pleased with their prospects.

Stabbed by His Grandson.

GREENSBURG, Ind., Aug. 5.—Rey Banister of Alert stabbed his grandfather, William Banister, yesterday, quite seriously near the heart with a penknife. The boy had driven the old gentleman's horse, and on being reprimanded, stabbed him. Mr. Banister is a well-to-do farmer and well known.

He Is Unknown.

LAWRENCEBURG, Ind., Aug. 5.—Baltimore and Ohio freight No. 98 killed an unknown white man at Cochran. His height is 5 feet 9 inches, weight 150 pounds, hair black, and the little finger of the left hand is off at the first joint. Both legs were cut off above the knee.

Girl Drowned.

LAFAYETTE, Ind., Aug. 5.—Florence Tinnney, a 16-year-old girl, a student at St. Joseph's school at Rensselaer, was drowned in the river a short distance from town while bathing. She was seized with cramps. The body was recovered.

Murderer Found Guilty.

ST. LOUIS, Aug. 5.—After 35 hours at Clayton, Mo., the jury in the case of John Smith, on trial for the murder of Bertram Atwater, returned a verdict of guilty. Atwater lived in Chicago and came to Webster Grove on the night of Jan. 23 to visit his sweetheart. He was decaying to a lonely road and murdered by Smith for the purpose of robbery.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

A GOOD THING

The wide-awake merchant never loses an opportunity to increase the number of his customers. He's out for business at all times. Experience has demonstrated that if you wish to reach the people you must advertise.

An Ad. In the BULLETIN.

If you wish to let the people of this city and surrounding country know what you have to sell, advertise in the BULLETIN. There is no better medium through which to talk to them of the bargain you offer.
